

April 7, 2017 – Principle of Preparation for the Day of Declaration – Christ’s Return

D’Lee, my granddaughter is going to help me out again today, with the ‘Did You Know’ – go ahead honey:

Miss Mila:

“Here is ‘*Did You Know*’...*About my state of Louisiana:*

Mardi Gras may be the most well-known celebration in Louisiana, but the festival’s roots can be traced back to medieval Europe. It was only in 1875 that Fat Tuesday was declared an official state holiday. And, speaking of Mardi Gras, each official color has its assigned meaning. Purple stands for justice...gold for power...and green for faith.

We also have the longest bridge over water in the world; the Lake Pontchartrain Causeway, in Southern Louisiana, spans just short of 24 miles.

In 2005, Hurricane Katrina was the largest and third strongest hurricane to make landfall in the United States. And the oldest city in Louisiana is Natchitoches, at 300 years old in January 2014.

While the varieties of culture are significant in Louisiana, the varieties of Louisiana Creoles shaped the state's culture...particularly in the southern areas around New Orleans and the plantation districts. That is why Louisiana is known as... the 'Creole State.' “

That was excellent, as usual, Miss Mila, Thank you!

Folks, this is my final Principle to share with you for now. I have to step aside for a short personal sabbatical and will not be renewing my VoiceAmerica.com contract for the upcoming season. We have completed the series ‘Nurturing Your Inner Being’ and dLee will be moving ahead with her new series on ‘Essence of Authentic Presence.’ Please continue to tune in to Mighty Spectrums for dLee’s powerful words of wisdom, inspiration, and enchanting guests. I have appreciated your sincere and enthusiastic support.

* * *

Before I go into this last Principle of this series, I want to say something about Ageless Wisdom. Ageless Wisdom and ‘New Age’ are not the same thing. How can they be when they speak of each other’s opposite! ‘AGELESS’ means it has been and will be around forever, while ‘NEW AGE’ means like a new birth...they cancel each other out in adjectives alone! Indeed, we are in a new Age, and changes come with it, as part of humanity’s evolutionary process. So be sure to educate yourself on just what IS ‘New

Age,' which its meaning has been distorted beyond recognition and which the uneducated leap and grasp at its distorted meaning to assign it to 'Ageless Wisdom' and therefore much is lost in both causes! Contemplate those words 'Ageless Wisdom' and realize they are exactly that – Ageless Wisdom to live by, for that blissful life you only occasionally glimpse; Principles set into play at creation and living still!

Ageless Wisdom – the Teaching of Wisdom – is not a textbook with numbered pages; the Teaching is the decree of life applied to each necessity. As lightening flashes wherever sufficient electricity has accumulated, so the 'commanded Principle from Ageless Wisdom' speeds to where possibility has gathered.

While confirming the common unity, the 'Teaching of Wisdom' – the Principles – must respond to individuality and provide a solution to the daily problems. Embracing the Principles is a CHOICE, not a commandment, and only comes alive to those who put it into practice. Until that time, expect the same thing to happen day after day and lifetime after lifetime, as you keep doing what you've always been doing. It IS, after all, YOUR 'free Will.'

I am sharing today on the Principle of Preparation for the Day of Declaration, as taught by the Ageless Wisdom;

The Teaching claims, "No man is ever put into circumstances which are insurmountable, once he has reached the point where he has intelligently put himself on the side of evolution, or of God. Prior to that he may, and will, be driven by gales of circumstance; the press of group and racial karma will force him into situations necessary for the process of awakening him to his own innate possibilities. Once he becomes the conscious builder himself, seeking to control the forces and builders of his lower nature, and to construct the Temple of Solomon, then he is no longer subject to the earlier conditions. He becomes a ruler, a builder, and a transmitter, until the time comes when he is one with the solar Angels, and the work of human evolution is accomplished."

Ageless Wisdom teaches there IS a higher spiritual order, a 'hierarchy' for humanity, kept well-hidden for Ages of Ages by rulers and those who would control and persecute others to their own profitable benefit. The first step taken toward that goal in this Age was, of course, the desecration of the Holy Bible, strategically separating divine documentation of those valuable Principles meant for all, hiding from full view and

access those beloved directives meant to the freedom of mankind. It can be denied, it can be argued, it can be ignored . . . but - like gravity - it cannot be rendered impotent.

The Hierarchy Intention is to set an example to humanity. . . . This Hierarchy is composed of Those Who have triumphed over matter, and Who have achieved the goal by the very self-same steps that individuals tread today. These spiritual personalities, these adepts and Masters, have wrestled and fought for victory and mastery upon the physical plane, and struggled with the miasmas, the fogs, the dangers, the troubles, the sorrows and pains of everyday living. They have trodden every step of the path of suffering, have undergone every experience, have surmounted every difficulty, and have won out . . . Their apprehension of the freedom that comes through the sacrifice of the form by the medium of the purificatory fires, suffices to give Them a firm hand, an ability to persist even when the form may seem to have undergone a sufficiency of suffering, and a love that triumphs over all setbacks, for it is founded on patience and experience.

The Masters (in brief) ~

So you will understand the importance and validity of the evolutionary path and those who have gone before us; indeed, even those beloved disciples from this outgoing Age, who still walk among us, there is briefly a list for your delight and encouragement. Those of you who are familiar with the Holy Bible, of that which was left us, will undoubtedly sense the leap of your spirit as your soul recognizes the Truth of these incarnated souls as they 'fit in' to the pieces within our beloved Bible stories. It is 'encouraging' to discover these enlightened and intelligent persons walked the Earth before us - many times - and didn't simply get 'sloughed off' the Earth at death, like the dead cells from our body, but stayed on - out of great love! - to assist us in our own soul progression.

[MORE on these Masters – the beloved disciples of Jesus, the Christ - and their valuable writings . . .](#)

These Elder Brothers of humanity are characterized by a love which endures, and which acts ever for the good of the group; by a knowledge which has been gained through a millennia of lives, in which They have worked Their way from the bottom of life and of evolution well nigh to the top; by an experience which is based on time itself and a multiplicity of personality reactions and interactions; by a courage which is a result of that experience, and which, having itself been produced by ages of endeavor, failure, and renewed endeavor, and having in the long run led to triumph, can now be placed

at the service of the race; by a purpose which is enlightened and intelligent, and which is co-operative, adjusting itself to the group and hierarchical plan and thus fitting in with the purpose of the Planetary Logos.” (Of course, there is much more . . . you will find the hyperlinks in the text on my website AmritaNicoleMarketing.com. See **PONDER/The Hierarchy**, this link: http://www.lucistrust.org/en/books/ponder_on_this/ponder_online/contents/part_2/071_073#71. And **MORE: Who is Maitreya?** (<http://www.share-international.org/>))

The Hierarchy also prepares the way for **THE DAY OF DECLARATION**, as

Concerned and loyal disciples: Let me remind you of the power of our individual and corporate efforts, through The Great Invocation, to the perfectment of the coming Day of Declaration, the **Reappearance of The Christ**.

A.A. Bailey states of us: “You are in process of incarnation; you are following your chosen way. Is the house you are building yet lit? Is it a lighted house? or is it a dark prison? If it is a lighted house, you will attract to its light and warmth all those around you, and the magnetic pull of your soul, whose nature is light and love, will save many. If you are still an isolated soul, you will have to pass through the horrors of a more complete isolation and loneliness, treading alone the dark way of the soul. Yet this isolation, this loneliness, and this separation in the dark night, are all part of the Great Illusion. It is, however, an illusion into which the whole of humanity is now precipitated in preparation for unity, freedom, and release. Some are lost in their illusion, and know not what is reality and truth. Others walk free in the world of illusion, for the purposes of saving and lifting their brothers and, if you cannot do this, you will have to learn so to walk.”

*There is a **Day of Declaration** coming – that ‘call to action’ – in which the ‘expected Teacher’ will make Himself known and visible to all mankind above the age of fourteen. He has been expected for generations by all of the major religions. Christians know him as the Christ and expect his imminent return. Jews await him as the Messiah; Hindus look for the coming of Krishna; Buddhists expect him as Maitreya Buddha; and Muslims anticipate the Imam Mahdi or Messiah. Such a Divine One is presented to mankind at the changing of every new Age to assist in the transition. Although the names are different, many believe that they all refer to the same individual: the World Teacher, whose personal name is Maitreya (pronounced my-tray-ah), just as the personal name of the World Teacher in the out-going Age was ‘Jesus’ and which Maitreya was his avatar throuout his journey.*

Preferring to be known simply as 'the Teacher,' The Coming Christ – Maitreya - has not come as a religious leader or to found a new religion, but as a teacher and guide for people of every religion and those of no religion.

At this time of great political, economic, and social crisis The Coming Christ will inspire humanity to see itself as one family and create a civilization based on sharing, economic, social justice, and global cooperation.

Very soon now He will appear on television in this country [USA] and later in Japan and then around the world and speak very simply so everyone can understand Him; and when He talks you know it is true. He speaks directly from the heart to the heart and that energy which comes from being the embodiment of Love awakens that love in your heart and you believe what He says because you know it is true. The television networks will be linked together for this event and "All eyes will see him" as it says in the Bible. You will see His face – you will feel that energy – you will say: "Only the Christ could fill my heart with that love."

He will launch a call to action to save the millions of people who starve to death every year in a world of plenty. Among His recommendations will be a shift in social priorities so that adequate food, housing, clothing, education, and medical care become universal rights. Under His inspiration, humanity itself will make the required changes and create a more sane and just world for all.

As the Day of Declaration draws ever closer, we must strive ever more valiantly to assist in the success of Its Intention. A mantram, a powerful prayer, the Great Invocation* can not only be recited – quietly or orally – once a day, but stepped up to as often as we are able throughout each day. *In the practice of the Invocation, focus intently on its words, remembering in assured confidence the power of thought and the spoken word.*

As well, keep always in mind the energy sent out joining the cosmic forces and subtle world powers:

Every thought and word said goes out into the manifesting substance of the universe, into infinity, and returns accordingly. For the reason of omnipresent manifesting energy, all thoughts and words must be carefully weighed, their goal assessed, and their motive pure. The energy of thought is for the good of all and to the furtherance of God's Plan. Through speech a thought is evoked and becomes present; it is brought out of abstraction and out of a nebulous condition and materialized upon the physical plane, producing (could we but see it) something very definite on etheric levels.

The so-called fourth dimension is a property of psychic energy. The properties of psychic energy will make possible the broadening of all understanding. The elements are spacial substance, imponderable and immeasurable —semi-amorphous crystals in the aspect of the so-called elemental manifestations. The essence of the unmanifested spirit permeated the substance of space. The spheres of the elements are of dazzling beauty and besmirching them is like destroying a wonderful flower. I feel that the teaching of pure thoughts will permeate into people's consciousness. The sower of thought gathers the harvest. Therefore, with the Mother of the World – which Christian Orthodox call the 'Holy Spirit'- all-seeing cooperation is unavoidable. The state of substance of the space, pierced by the combinations of new rays/energies, permits the beginning of the New Era. All Good should be gathered. (LMG II, pp 141-142) The consciousness of space permeates the brain substance: this process cannot be demonstrated; it cannot be measured. (AY 218)

Believe that the words we speak and the thoughts we think are carried upon those permeating crystals – the 'manifesting substance Akasa'– as abruptly as a match to kerosene, instantly pervading all infinity. Recognize the power, therefore, of united mantrams and of the transmission meditation as it pours through *every entity in existence* and every living soul preparing their minds to the Intention of the Day of Declaration.

Be confident of this: “*The power wielded by those who are seeking to live as souls, and in touch with the soul and the world of spiritual realities, is out of all proportion to their registered sense of power and usefulness. You are, as you endeavor to wield spiritual force constructively and selflessly, far more potent than you realise.*”

If the spirit within you has been tingling with delight as you have been reading this information; if you hunger and thirst like never before, to know MORE about God, the hierarchy, Principles, and serving humanity; then it stands to reason your soul has been tapped for its evolution. Your 'podvig' has come to full light in your mind and nothing can hold you back from pressing on to the satiation of your Soul. There is a time set karmically for each soul on earth to be 'tapped' as such. Be aware, the Path is wrought with pain, as the earthly thoughts and habits are put to death, replaced by the loyal striving to obey such a loyal and knowledgeable Soul, rooted to the Omniscience of God's. Yet, be encouraged, the straight knowledge of what the sincere 'student' will be taught and shown through inspiration from the hierarchy and guided to those Teachers along the path, infill that student with an unfathomable and indefatigable Joy. There will come, finally, the realization of the glamour and illusion of this earthly existence as

having no longer any hold on you whatsoever. This you will come to recognize as *'unhampered liberty' - your TRUE Self!*

We Now Have No More Excuses! Whether you're a prisoner within the prison walls, learning even more destructive 'group' thinking and behavioral habits, or a prisoner outside the prison walls to the 'same ol' merry-go-round' of debt and frustration, broken relationships, year after year, and giving up hope of ever seeing a change, this information will give you hope once again. It's time for you to know who you are truly meant to be, step right on into that new life - for God the Omniscient Principle has said 'This, too, shall pass!' - and STOP living in your karmic habit of stinkin'-thinkin'-livin.' We not only have Divine 'permission' to do so, but it is a requirement of the Divine Principles governing the evolution of the soul. It takes great courage and effort to just simply determine to start living from this moment forward in the way the 'Living Ethics' of the Agni Yoga - a distributor of the Principles - instructs. Those instructions will take the devoted student through the fire of putting to death those old ways of thinking and acting and reveal the *uncompromising* promise of each Principle!

You must make a quality choice, for here is your eternal 'crossroad.' To NOT get into alignment with the Principles, which have been heretofore withheld from you, is to live in continual frustration and repetitious results in everything that has plagued you throughout this lifetime. Rest assured, it will continue right into the next lifetime, for we begin each new lifetime experience with what we left with in the previous lifetime. That goes not only for the rebellion and ignorance against the Principles, but for the spiritual growth and awareness through *obedience* to the Principles.

Every Principle understood and applied will bring new life! Therefore, observe the rain of possibilities and REJOICE at the rainbow!

The crossroad of decisions is brought on to ourselves in the striving toward that soul-perfection, which is the very purpose of our existence on this planet, however many lifetimes it may take. We are aware of those unsavory character traits needing expelled and how can we know such victory lest we fight the battle! So we must 'buck up,' sharpen the Sword of the Spirit, and step into the fire . . . be of great courage, faint not, and...BRING IT ON!

This has been LadyJaye and it has been a pleasure to share with you. I will continue to do so, through the pen, until my voice returns. Stay in touch with my corporate website

AmritaNicoleMarketing.com or LadyJayeLibrary on Facebook. Remember, I am still on this journey with you – called to even more responsibility since I have determined to share my findings with the world; let us continually ‘pray for each other!’ I leave you now, until another season, with The Great Invocation; recite it often, in sincerity and expect changes:

*** The Great Invocation:**

~ The Great Invocation ~

From the point of Light within Your Mind, God
Let That Light stream forth into the minds of man
Let That Light permeate Earth and mankind

From the point of Love within Your Heart, God
Let That Love stream forth into the hearts of man
Let That Love, Christ, and Goodwill permeate
Earth and mankind

From the center which we know as Your Will, God
Let divine purpose guide the little wills of man
The purpose which Your Masters know and serve
From the center which we call the human race
Let Your Plan of Love and Light work out
and may it seal the door where evil dwells

Let Light, Love, and Power perfect Your Intention for Earth, God
that Earth be a sacred planet, a beacon of inspiration, and a
testament to Your Strength in all Your cosmoses and universes.

(silently, for this prayer: Om, Om, Om)

(NOTE: ‘Aum’ - or ‘Om’ is the word for God, incorporating His All, as in OMnipresent, OMnipotent, and OMniscient.)

Shalom, dear ones.
